

EASYEVAP

IT'S THIS EASY

HASSEL-FREE EVAP TESTING

EasyEVAP™ ensures you'll never search for the EVAP service port adapter again

FITS 100% OF VEHICLES

EasyEVAP™ works on any vehicle, with any smoke machine

IT'S THAT QUICK

1. ACCESS THE EVAP SYSTEM

For capless filler necks, insert CapAdapt™ into the filler neck of the fuel system

2. CREATE AN AIR-TIGHT SEAL

Stick a sealing disk on the universal filler neck connector's face and place it on any vehicle's filler neck opening

3. TEST FOR EVAP LEAKS

Any smoke machine can now perform EVAP testing through the gas tank

CAPADAPT™ IN ACTION

HERE'S WHAT YOU'LL RECEIVE

12 SEALING DISKS

Creates an air-tight seal with any filler neck to allow your smoke machine to leak test the EVAP system. Removes cleanly and easily.

1 CAPADAPT™

Stick a sealing disk on the universal filler neck connector's face and place it on any vehicle's filler neck opening

1 EASYEVAP™

Any smoke machine can now perform EVAP testing through the gas tank
