

Easy INTAKE™

95-0082 Universal Block-Off Bladder

Universal Block-Off Bladder with Pass-Through Fits EVERY Vehicle- Works with EVERY Smoke Machine

Easy INTAKE™ is an inflatable block off bladder with a pressurized vapor pass-through that allows technicians to test an entire intake or exhaust systems quickly and easily.

Easy INTAKE™ can be used with any brand of smoke machine or diagnostic leak detector to block-off the system with its inflatable bladder and pressurize the system with vapor through the pass-through to accurately locate leaks and find additional repair jobs.

Easy INTAKE's patent pending block off bladder conforms to any shape intake / exhaust: Round, oval, square, rectangular and even severely angled and hard to reach intake / exhaust systems, while allowing vapor to pass through for fast diagnostics.

Compatible with any smoke machine, Easy INTAKE™ fits 100% of automobiles and light, medium, and heavy-duty trucks to quickly leak test the integrity of the entire induction system with one simple procedure.
